February 2016

Star Micronics Releases the TSP100III, the Faster, Better, and Easier POS Receipt Printer

Continuing its philosophy of 'Always Leading – Always Innovating,' Star Micronics presents the TSP100III, the faster, easier, and better POS printing solution. Already a leading player in the mPOS market, Star Micronics TSP100III is now offered with WLAN connectivity, supporting 802.11b/g/n with 2.4GHz, for an easy-to-use and ready-to-go installation. The "Push 'n' Connect" WPS easy connection makes the wireless set-up the simplest in the industry.

With included internal power supply, power cables, complete mounting kits, and paper roll, the TSP100III is the perfect printer for any mPOS bundle. Star has also added an additional USB type A connector to power your tablet or mobile device. The TSP100III offers a small form factor for any sized counter-space and prints up to twice the speed of its previous model at 43 receipts per minute. The high-speed, thermal printer also includes a guillotine auto-cutter and "drop-in & print" paper loading for even the busiest of retail and restaurant environments.

Combined with its powerful futurePRNT Windows software, users can enhance their printed receipts to add graphics (logos and coupons), multiple copies, or use the text processing function to replace printed information or trigger a coupon, and much, much more. The TSP100III can also be seamlessly integrated with Star Micronics AllReceipts™ digital receipt application, allowing customers to manage their receipts digitally, and retailers to receive instant feedback on customer satisfaction.

-Star is the partner for the future, with proven leadership and innovative solutions, today!

Part Number	Model Number	Description
39464710	TSP143IIIW GY US	TSP100III, Thermal, Auto-cutter, WLAN (Wi-Fi), Gray, WPS easy connection, Int PS
39464810	TSP143IIIW WT US	TSP100III, Thermal, Auto-cutter, WLAN (Wi-Fi), White, WPS easy connection, Int PS
Options		
39591100	Splash Proof Cover – SPCT100	The Splash Proof Cover helps to protect the TSP100III from liquid and airborne debris in harsh environments such as kitchens. It easily locks in place over the printer.
39590530	Vertical Stand – VST-650	Use the specifically design Vertical Stand when utilizing the TSP100III in vertical orientation.
39594000	Kitchen Buzzer/Ticket Alarm – BU01-24-A	The Kitchen Buzzer is designed to connect directly to the RJ11 port on the back of the printer. When a print job is sent to the TSP100III, the buzzer will sound off.
	Extend-A-Star Warranty	The Extend-A-Star Extended Warranty Program provides full bumper-to-bumper coverage available for 3 years
	Swap-A-Star Warranty	The Swap-A-Star Warranty Program provides next business day replacement coverage available for 3 years.
37963920	Paper and Supplies	80mm (3.15") Thermal Paper Roll (12 pack)
