The low-cost, high-quality thermal POS printer available today with ALL accessories and software included.

The TSP100 futurePRNT, the first all-in-one receipt printer. Yes, all the parts and software are included in one box. To get you setup quickly, we’ve included an internal power supply, interface and power cables, complete mounting kits and a paper roll.

To bring you the future of receipt printing now, we’re also including a full set of software utilities. Redesign your receipt without modifying your application. Add your logo. Add coupons. Preview receipts and enhance bar codes. Included operating system drivers allow for ‘Plug & Play’ automatic installation.

But setup is not the only fast part. The TSP100 futurePRNT is a fast printer. So reset your expectations. Demand everything from your receipt printer.

*RPM: Receipts Per Minute
# TSP100 futurePRNT Specifications
